

3D Matterport® Tours From BDX The Ultimate New Home Tour

3D Photography combined with state of the art Matterport technology, makes this interactive and immersive tour the *Ultimate Online Digital Model Home Tour*

Using just a mouse, this self-directed virtual tour allows consumers to travel into every room and explore just as you would if they were walking the home in person.

- **More Than a Hotspot Tour** - Consumers can explore the entire house on their own terms.
- **Multiple Views** - Ability to view floorplan as well as 3D "Doll House" view of home.
- **Quick Turnaround** - Shoots in a few hours and is ready for your website in less than a week.
- **All Packages Include Still Photos** - Use on your website, listings, and social media.
- **Access** - National network of photographers already in place to shoot in any market.
- **NEW! Mattertags** - Now included in our premium package are text-based comments anchored to a point in the 3D space to provide rich contextual detail while a viewer is navigating within the virtual model. [Click to see how they work.](#)
