

events

Want to write an effective Healthy Rivers submission?

Find out how to write a submission on Waikato Regional Council's Healthy Rivers plan change at a workshop for levy-paying farmers.

DairyNZ will outline the submission process to help you write an effective submission.

These are **RSVP** events. Please register at dairynz.co.nz/events
After registration we will send you more detailed information.

At the workshops find out:

- what we have heard from farmers so far
- how the submission process works including timelines
- the key points of DairyNZ's draft submission.

For more information on the changes go to:
dairynz.co.nz/healthyrivers

Please turn over for dates and time of meetings
