“What You Should Know About HPV Vaccines” Topic of Upcoming *Lunch and Learn For Your Health* Lecture

BRUNSWICK, Ga.: September 18, 2019 – Did you know that every year more than 3,000 men and women in the United States are diagnosed with cancers caused by Human Papillomavirus (HPV)? Getting the HPV vaccine for your son or daughter is the best way to protect them against certain types of cancer later in life.

On Wednesday, Sept. 25, 12:30-1:30 p.m., Jason M. Joseph, M.D., Southeast Georgia Physician Associates-Obstetrics & Gynecology, will be the guest speaker for the monthly Golden Isles YMCA Lunch and Learn. His presentation, “What You Should Know About HPV Vaccines,” will include important information on the different types of HPVs, the variety of cancers linked to HPV infection, when and why children should be vaccinated, and much more.

The Golden Isles YMCA is located at 144 Scranton Connector, Brunswick. Seating is limited and pre-registration is required by calling the YMCA at 912-265-4100. A YMCA membership is not required to attend; the Lunch and Learn is open to the public, and lunch will be provided by Fox’s Pizza at no charge to attendees.

Southeast Georgia Physician Associates-Obstetrics & Gynecology is a strategic affiliate of Southeast Georgia Health System.

ABOUT SOUTHEAST GEORGIA HEALTH SYSTEM

Southeast Georgia Health System is a not-for-profit health system comprised of two acute care hospitals, two long term care facilities, three immediate care centers, five family medicine centers and numerous employed physician practices. The Health System has multiple outpatient specialty care centers, including the only CyberKnife® Program in the region and one of only four in Georgia, and a Cancer Care Center accredited by the American College of Surgeons Commission on Cancer. In 2018, the Health System’s Brunswick and Camden Campus hospitals were recognized in *Georgia Trend* magazine’s “Top Georgia Hospitals” in the medium-sized and small-sized categories, respectively.
