

LEBANON'S SECOND OFFSHORE LICENSING ROUND

LEBANON PETROLEUM DAY

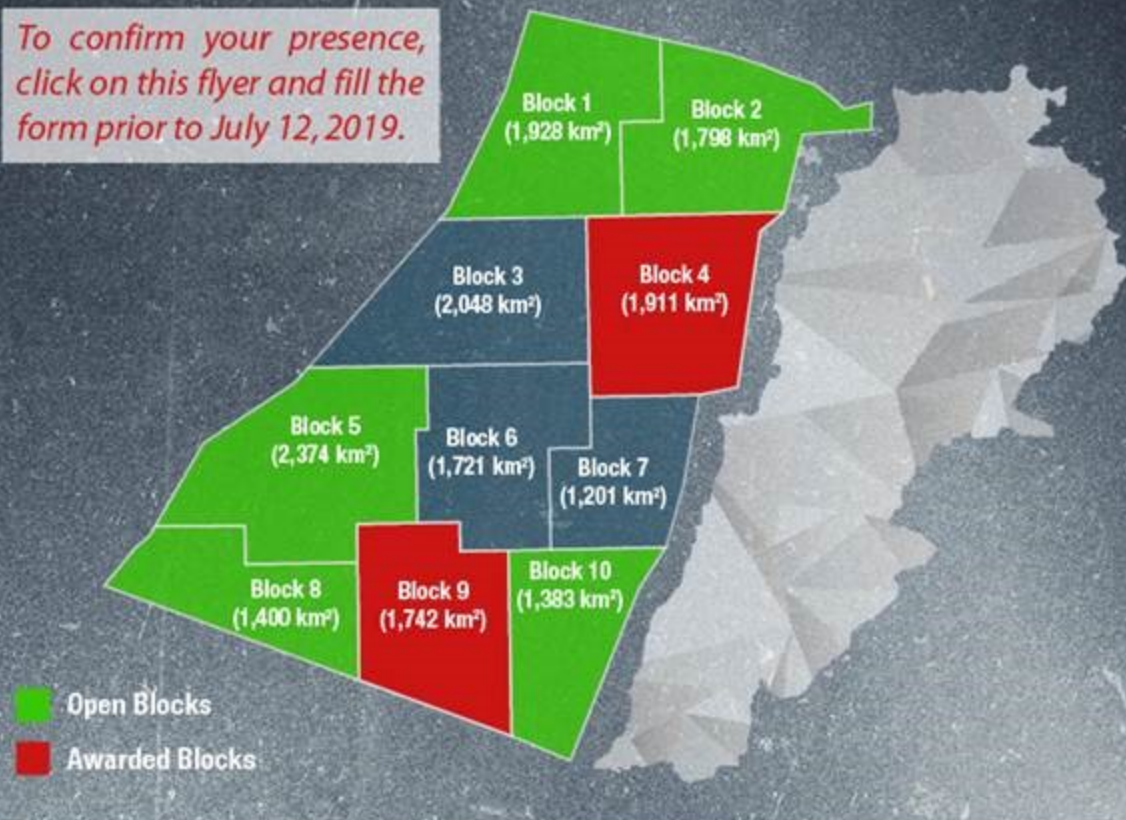

JULY 23, 2019

The Minister of Energy and Water would like to take this opportunity to invite interested International Oil Companies to attend Lebanon Petroleum Day to be held on July 23, 2019 in Beirut, Lebanon.

As a follow up to the official launching of the Second Offshore Licensing Round (SOLR) on April 4, 2019, this consultation workshop provides a platform for oil and gas companies to discuss, together with the Lebanese Petroleum Administration, the characteristics of the SOLR. This includes, but is not limited to, the legislative framework put in place, the updated tender process, model exploration and production agreement and Lebanon's offshore hydrocarbon prospectivity in terms of geological attractiveness.

The consultation workshop will additionally provide an opportunity for participants to network during bilateral meetings.

To confirm your presence, click on this flyer and fill the form prior to July 12, 2019.

The SOLR closing date, for submission of Applications:
Friday January 31, 2020 at 16:00 Beirut time.

A virtual/physical data rooms and a companies portal, are made available for IOCs to showcase Lebanon's Hydrocarbon prospectivity and to prepare for the SOLR.
